THE AMERICAN CATALOGUE of books in print and for sale July 1, 1876, compiled under the direction of F. LEYPOLD, and its supplements, 1876-84, 1884-90, 1890-95, and 1895-1900, compiled under the editorial direction of R. R. BOWKER, aims to present all the bibliographical features of the books in the American market, arranged in the first part alphabetically by both *authors* and *titles*, and in the second part alphabetically by *subjects*.

The Catalogue and its supplementary volumes form the only approximately complete guide in existence to the American books of the day, so arranged as to make reference easy from whatever direction the inquiry may come, whether from that of the author, or the title, or the subject. It not only furnishes the desired information about any particular book of which the consulter is in search, but shows what others there are by the same author or on the same subject in which he is interested. To the bookseller, therefore, it is valuable both in filling orders and in stimulating business; to the librarian, in supplying gaps and proportioning his collection; and to all who are practically concerned with books, in furnishing information which nowhere else is obtainable by so convenient a method, if obtainable at all.

The author-and-title volume of the 1876 volume is out of print. A limited number of the subject volume may be had in half leather binding at \$15.

The volume covering the period 1876-84 is also out of print.

TO meet a wider demand than has shown itself for "The Annual American Catalogue," it is proposed to replace that publication this year with

The Annual American Catalogue

Cumulated, 1900-1901

including in one alphabet the short title lists of the books of 1900 and 1901, giving the information by author, title, subject and series. This cumulation is to continue annually until a five-yearly volume of "The American Catalogue" in its new shape is reached. It is hoped that this form of catalogue will prove a desirable, practical working tool for the trade, supplementing as it will do, from year to year, the last issue of the five-yearly "American Catalogue," without the need of consulting several alphabets in several volumes.

8vo, cloth, - - - \$2.00

if ordered and paid for in advance.

Should there be enough demand for the "Annual Catalogue" as heretofore published, with full titles and annotations of the books for 1901, bound in half leather, at \$3.50, or in sheets at \$3.00, we should be prepared also to continue that publication.

THE ANNUAL AMERICAN CATALOGUE, Cumulated, 1900-1901, which has been unavoidably delayed, will be ready this month. Orders, specifying in which form the Catalogue is desired, should be addressed at an early date to

THE OFFICE OF THE PUBLISHERS' WEEKLY

298 BROADWAY (P. O. Box 943), NEW YORK

 THE ANNUAL ENGLISH CATALOGUE, for which we have the American market, will be furnished at \$1.50 in paper, or bound with the ANNUAL AMERICAN CATALOGUE, Cumulated, 1900-1901, in cloth, at \$3.75 if ordered and paid for in advance.

PREFATORY NOTE

THIS sixty-fifth yearly issue of the English Catalogue of Books comprises the titles of works published during 1901, also of some received too late for inclusion in Vol. VI (1898-1900).

As has been the case since 1891, titles and index are in one alphabet. The main entry of each work begins with the author's surname (if given on the title page) in **heavy type**. As an index to these 'Author' records, the title, commencing with its most important word or with its first word, is repeated in the same alphabet, with that word in *italics*, which in the main entry is in **thick type**.

The 'Transactions' of Learned Societies are recorded in an Appendix, as also the 'Series' and 'Libraries' issued by some publishers.

The names and addresses of the publishers of Great Britain and Ireland will be found at the end of the volume, followed by those of the principal publishers in the United States.

Heartly thanks are due to many publishers, secretaries, authors, and bibliographers who have assisted in making this book more correct and comprehensive than it otherwise would be.

The Editor will be glad to have particulars of author, price, publisher, and month of publication of any work which may have been omitted; they should be addressed to

The Editor of The English Catalogue,

Fetter Lane,

DIRECTORY OF PUBLISHERS

This list of publishers, with their addresses, has been principally compiled with a view to supplying information regarding the books in the English Catalogue Vol. VI. This will explain the inclusion of many firms in the list who can scarcely, in the strict acceptance of the term, be called publishers, since the publication of books forms only an occasional portion of their business.
